

## Make-Your-Own Map

Women's Long Road  
Teacher Materials, Lesson 1  
Maine State Museum 2019

---

Think about what you want to include in your map. What kind of place are you showing? What is important to include in the map, and what can you leave off?

*Suggested steps:*

1. Draw the major outlines of the space—buildings, walls, rooms, roads, etc.
2. Fill in some of the things in the space—furniture, plants, etc.
3. Add symbols (basic drawings that represent something) if you want to include what activities happen in the space—controller to show video games, hamburger to show eating, etc.
